Maureen McQuaid, the principal and founder of College Focus, LLC, helps high school and college transfer students have college choices that meet their academic and social needs, talents and interests– places that will make them happy and where they will flourish. She has a Certificate in College Counseling and Career Planning from the University of California Berkeley Extension. Having professional memberships in the Higher Educational Consultants Association and Western Association for College Admissions Counseling, in addition to visiting colleges throughout the year, assist Maureen in providing informative and current advice concerning college admissions.
